VOLUME 5, NO. 134.

BRAINERD, MINN., WEDNESDAY, NOVEMBER 8, 1905.

PRICE TWO CENTS

BY SMALL PLURALITY

**GREATER NEW YORK ELECTS
MCLELLAN MAYOR IN HOT
POLITICAL BATTLE.**

JEROME DEFEATS OSBORNE

**AGAIN CHOSEN DISTRICT ATTOR-
NEY BY EIGHT THOUSAND
PLURALITY.**

UGLY CHARGES OF FRAUD

**HEARST DECLARES TAMMANY IS
ROBBING HIM OF FRUITS
OF VICTORY.**

New York, Nov. 8.—Returns to mid-
night indicate that George R. McClellan,
Democrat, is re-elected mayor of
New York by between 3,000 and 4,000
plurality over W. R. Hearst, Municipal
Ownership, and that William T. Jer-
ome, Independent, is re-elected dis-
trict attorney by about 8,000 over
James W. Osborne, Democrat.

At midnight Mr. Hearst declined to
admit his defeat and declared his in-
tention to contest the election.

Returns at this hour are complete
in the mayoralty contest with the ex-
ception of fifty-one election districts
scattered through the city. The vote
on these returns gives McClellan, Dem-
ocrat, 221,815; Hearst, Municipal Own-
ership, 218,657; Ivins, Republican,
132,317, a plurality for McClellan of
3,158.

The following statement was issued
at midnight by W. R. Hearst:

"We have won this election. All
Tammany's frauds, all Tammany's in-
timidation and violence, all Tammany's
corruption, all Tammany's false
registration, illegal voting and dishonest
count, have not been able to over-
come a great popular majority. The
recount will show that we have won
the election by many thousands of
votes.

Hearst Says He Will Fight.

"I shall fight this battle to the end,
in behalf of the people who have cast
their votes for me and who shall not
be disfranchised by any effort of crim-
inal bosses."

District Attorney Jerome issued a
statement in which he said:

"It was certain that the people would
not back up the attempt of the bosses
to force me from office. Coming as it
does straight from the hands of the
people in opposition to bosses and ma-
chines my election is popularly grati-
fying. The district attorney's office
will go on for four years more under
my direction under the same system
that has prevailed for four years.
There is nothing more to be said save
that it was a test of strength between
corrupt bosses on one side and an
aroused public opinion on the other.
There is no trifling with the people
when they have been roused and my
election is a lesson which the bosses
will not soon forget."

Mayor McClellan, upon learning
that he had been re-elected, issued the
following statement:

"The result of the election shows
me more plainly than ever my duty
to the people. With God's help I will
discharge it to the best of my ability.
I shall keep every promise made be-
fore election."

Mr. Ivins said early in the evening:
"I really have little to say except
that I am the happiest defeated candi-
date you ever saw."

GREAT VICTORY FOR REFORM.

**City Party Ticket Has Large Plurality
at Philadelphia.**

Philadelphia, Nov. 8.—Philadelphia
has been swept by the reform move-
ment, the City party ticket winning
by a surprisingly large plurality.

While returns from only six of the
forty-two wards in this city had been
counted up to midnight enough is
known of the result in the remaining
wards to indicate the defeat of the
Republican local ticket by from 60,
000 to 75,000 plurality.

The victory of the City party car-
ries with it the election of William
H. Berry, the Democratic and Reform
candidate for state treasurer. J. Lee
Plummer, the Republican candidate
for the office, was badly cut throughout
the city and state and he has lost his
own county, which is usually Repub-
lican.

The result has every appearance of
a landslide for reform, not only in Phil-
adelphia, but throughout the state.

Returns up to midnight show that
the Republicans carried only a few
wards and these were held by narrow
margins. One year ago President
Roosevelt carried the city by 180,834
plurality.

SLOW RETURNS IN MARYLAND.

Indications Point to Failure of Con-
stitutional Amendment.

Baltimore, Nov. 8.—The election in
Maryland was for a state comptroller,
legislature and county officers, and in
Baltimore for a judge of the supreme
court, sheriff, city clerk and surveyor.
The issue which engrossed popular at-
tention was a proposed constitutional
amendment, the avowed purpose of
which was to disfranchise negro vot-
ers, and which aroused widespread opo-
sition among many Democrats and
foreign voters in both parties. Owing
to the extreme length of the ballot
the count has been slow and the votes
in some of the city precincts and re-
mote county districts have not been
received. The returns so far received,
however, made certain the defeat of
the proposed constitutional amend-
ment by a decisive majority of 20,000
or more and very probable the elec-
tion of McCullough, Republican, state
comptroller over Atkinson, Democrat,
and the election of Republicans in
three of the four city legislative dis-
tricts. The Republican candidates
for sheriff, city court clerk and city
surveyor in Baltimore are also elected.
Chief Judge Harlan, Democrat, is re-
elected by 10,000 majority. The Re-
publicans did not nominate a candi-
date against Judge Harlan, though
there was an Independent Republican
candidate. The political complexion
of the next legislature is uncertain and
will not be known until the official
count has been completed.

REPUBLICANS MAKE GAINS.

**Increase Their Hold on State of New
Jersey.**

Trenton, N. J., Nov. 8.—The election
in New Jersey increased the Republi-
can hold upon the state legislature and
made it impossible that a Democrat
should succeed United States Senator
John F. Dryden in 1907. In the state
senate the Republicans made a gain
of three, electing Republicans from
Gloucester, Salem and Somerset coun-
ties, which for the last three years
have had Democratic senators. Only
four of the twenty-one state senators
will be Democrats.

Colby, the Independent Republican
in Essex county, whose fight against
the machine of his party attracted
wide interest, was swept into office
by a large majority. He carried his
ticket through with him. The Re-
publican wave swept into Jersey City
again and Mayor Fagan, who is an In-
dependent Republican of the Colby
stripe, was again elected.

PRESIDENT INTERESTED.

**Receives Election Returns in the Ex-
ecutive Offices.**

Washington, Nov. 8.—President
Roosevelt spent the greater part of
the evening in the executive offices re-
ceiving the election returns. With him
were Mrs. Roosevelt, Secretary Root
and Assistant Secretary Bacon of the
state department. In addition to the
bulletins from the Associated Press
the president received dispatches from
the party leaders in the various states
giving their estimates of the results
based on the returns received by them.
Particular interest was manifested by
the president and his associates in the
reports from New York city, Massa-
chusetts, Ohio and Maryland.

ENDORSES JOINT STATEHOOD.

**Indian Territory Votes to Merge With
Oklahoma.**

Oklahoma City, Okla., Nov. 8.—A
summary of news received from the
election in Indian Territory indicates
that the total vote on the Sequoia
constitution will not reach 25,000 out
of a possible 150,000. In many of the
towns polls were not opened and in
numerous instances the vote for joint
statehood with Oklahoma far exceeded
the vote for the separate state consti-
tution. The result is an overwhelm-
ing endorsement of joint statehood for
the two territories. Not 20 per cent
of the voters of Indian Territory have
endorsed the Sequoia constitution.

Republican Victory in Nebraska.

Lincoln, Neb., Nov. 8.—Returns
from the elections in Nebraska are
sufficiently complete to indicate with
certainty the election of Charles B.
Lettin, Republican, over William G.
Hastings, Fusion, as associate justice
of the supreme court by a plurality
greater than that given Judge Barnes
for the same office two years ago,
which was 9,127.

Indiana Municipal Elections.

Indianapolis, Nov. 8.—Returns from
fifty-six cities in Indiana indicate that
the Republicans have been victorious
in twenty-five and the Democrats in
twenty. The tickets nominated by the
People's and Citizens' organizations
carried in ten municipalities.

Indianapolis Goes Republican.

Indianapolis, Nov. 8.—The election
of Former Mayor Charles A. Book-
walter as mayor of Indianapolis is
conceded. Returns from 246 precincts
give Bookwalter (Rep.) 23,775, Holtz-
man (Dem.) 22,177. Bookwalter's plu-
rality 1,598.

If a man could have half his wishes
he would double his trouble.—Franklin.

H. F. MICHAEL CO'S Daily Store News

As Others See Our Store

A man, quite conversant with the dry goods business of the country, was in our store this morning, and after noting the prices at which our merchandise is selling, remarked about the reasonableness of our prices as compared with those in other cities. Our cash policy permits of this. Not only are the prices right, but the goods we offer are beyond question the best that the markets will secure for the prices we ask.

If you have not as yet made the store your trading house, try it from now until Christmas.

The Express Wagon's Morning Route

Among the first stops made nearly every morning is at our store. New things are constantly being put on the market and the quickest means of transportation is none too rapid for us to employ to secure them. This accounts for the newness constantly on display at our counters.

You will be interested, we are sure, in the new belts, bags and beads we put on sale this morning. They are the latest and at reasonable prices too.

VERY CLOSE IN OHIO

**REPUBLICAN CANDIDATE FOR
GOVERNOR MAY WIN BY A
SMALL PLURALITY.**

RETURNS COME IN SLOWLY

**DEMOCRATIC GAINS IN LARGE
CITIES LIKELY TO GIVE
THEM THE STATE.**

Columbus, O., Nov. 8.—Ohio voters
chose a governor and various state of-
ficers, though at this hour it is impos-
sible to give a positive statement of
the winners. Only 440 of the over
4,200 precincts in the state have been
heard from, giving Herrick 55,050 and
Pattison 53,399. In the big cities the
Democratic gains thus far average 108
per precinct, while the gain outside
these cities averages only 34 to the
precinct. Estimating the remaining
precincts at the same ratio Pattison
will be nearly 40,000 short of the 230,
000 Republican plurality of last year
with which comparisons are made.

Reports of estimated county plurali-
ties thus far received simply indicate
that the result will be close, with noth-
ing definite enough to show which
way the victory will fall.

The State Journal has estimated
pluralities from sixty-three out of
the eighty counties in the state show-
ing a net plurality of 820 for Herrick
for governor. The Republican plurali-
ties are 31,670 and the Democratic
pluralities 29,850.

RESULT IN MASSACHUSETTS.

**Republicans Elect Governor and Lieu-
tenant Governor.**

Boston, Nov. 8.—Lieutenant Gov-
ernor Curtis Guild, Jr., of Boston, the
Republican candidate, was elected
governor of Massachusetts in the state
election by a plurality of 29,435 over
General Charles W. Bartlett of Bos-
ton, the Democratic candidate. For
the second place on the ticket, for
which there was an unusually warm
contest, Eben S. Draper of Hopedale,
the Republican candidate, won over
Henry M. Whitney of Brookline, Dem-
ocrat and the leading candidate for
reciprocity, by a plurality of 3,942.

The Republicans also elected seven
of the eight members of the executive
council and the usual large majority
in both branches of the legislature.

The Democrats made gains in both
branches of the legislature, three mem-
bers in the senate and one in the
house.

UNION LABOR TICKET WINS.

**Eugene E. Schmitz Re-Elected Mayor
of San Francisco.**

San Francisco, Nov. 8.—For the
third consecutive term Eugene E.
Schmitz, the Union Labor candidate,

was re-elected mayor by a majority of
at least 15,000 over John S. Partridge,
the joint nominee of the Republican
and Democratic parties.

Returns from 314 precincts out of
320 give Schmitz 42,202, Partridge 28,
108. In addition to mayor the Union
Labor party has probably elected its
entire municipal ticket by a majority
ranging from 10,000 to 15,000. Voting
machines were used for the first time
in all the precincts. Very little scratch-
ing was done. A proposition to in-
crease the liquor license was probably
defeated.

THREE THOUSAND PLURALITY.

**Republican State Ticket Wins in
Rhode Island.**

Providence, R. I., Nov. 8.—A heavy
poll for the Republican candidate for
the executive chair, Governor George
H. Utter, which is expected to give
him a plurality of at least 3,000 over
the Democratic nominee, Lucien F.
Garvin, was the feature of the state
election. A plurality of 1,000 was the
largest looked for even by Mr. Utter's
most ardent supporters. Governor Ut-
ter's running mates on the ticket
seemed sure of large pluralities at mid-
night.

Republican gains were made in each
branch of the legislature.

NEGROES ABSTAIN FROM VOTING.

**Democrat Elected Governor of Vir-
ginia by 20,000 Plurality.**

Richmond, Va., Nov. 8.—Claude E.
Swanson, Democrat, was elected gov-
ernor of Virginia by about 20,000 plu-
rality over Judge L. L. Lewis, the Re-
publican candidate. The vote every-
where was exceedingly light, but Dem-
ocratic apathy was offset by unfavor-
able conditions on the other side. The
negroes throughout the state abstained
from voting almost entirely. The Re-
publicans gained a few members of
the legislature.

Republicans Make Clean Sweep.

Chicago, Nov. 8.—The Republicans
made a clean sweep of the election in
Chicago and Cook county, electing all
of their candidates with the exception
of one man. The sole Democrat to
reach the promised land was Webb,
a candidate for trustee of the sanitary
district.

Toledo Elects Independent Mayor.

Toledo, O., Nov. 8.—The returns
indicate the election of Brand Whit-
lock, Independent candidate for may-
or, by 5,000 plurality and the election
of the entire Independent county and
city tickets by smaller pluralities.

Fire in Newspaper Office.

San Francisco, Nov. 8.—Fire broke
out at midnight in the San Francisco
Chronicle building. The entire upper
part of the building, in which is lo-
cated the editorial rooms and composing
rooms, is in flames. It is thought all
the occupants have escaped.

Owing to Massacre of Jews.

La Crosse, Wis., Nov. 8.—The 250th
anniversary of the landing of the He-
brew race in this country will not be
celebrated by the Jews of La Crosse
county and Western Wisconsin be-
cause of the massacre of the race in
Russia.

STATE ASKED TO DEFER ACTION.

**Missouri Policyholders in New York
Life Pass Resolution.**

St. Louis, Nov. 8.—After an argu-
ment that lasted several hours and
which at times became heated the
New York Life Insurance Company as-
sociation of Missouri, an organization
comprising policyholders of St. Louis
and vicinity, passed the following resolu-
tion:

"Resolved, That it be the sense of
this meeting that the insurance depart-
ment of the state of Missouri be re-
quested to defer any action against
the New York Life Insurance com-
pany until further notice from the
New York Life Insurance company
policyholders of Missouri."

The question of policy developed
several decided opinions and it was not
until the matter was thoroughly
threshed over that the above resolu-
tion was adopted. Several persons ad-
vocated more strenuous and aggres-
sive tactics, but were prevailed upon
to wait developments.

CAUSE NOT ASCERTAINED.

**Four Men Killed in Explosion of
Powder Works.**

Belleville, Ill., Nov. 8.—The press
house of the Phoenix Powder works
at Phoenixville, a few miles from here,
exploded during the afternoon, killing
four men. Several others were in-
jured.

The dead are: Louis Hall, William
Humes, George Humes and Walter
Krobel, millwright.

Residents at Belleville saw a cloud
of dust shoot high in the air over the
hills across toward the mill and the
report was distinctly heard and felt
ten miles from the scene. The build-
ing was blown into kindling wood and
the bodies of the victims were strewn
among the tree tops. There are no
residences situated within a half mile
of the hollow in which stood the pow-
der mill. The cause of the explosion
has not been ascertained.

SIXTH GOVERNOR OF MINNESOTA.

**Horace Austin Dies After an Operation
in Minneapolis.**

Minneapolis, Nov. 8.—Horace Aus-
tin, the sixth governor of Minnesota
and prominent for many years in pub-
lic life, passed away suddenly at St.
Barnabas' hospital at 12:55 a. m.
Death followed a minor surgical oper-
ation. Governor Austin was seventy-
four years old.

Governor Austin had been feeling in-
exceptionally good health and had
been making plans for his customary
winter sojourn in California. He was
an honorary pallbearer at the funeral
of his old friend and associate, Gov-
ernor McGill, last Thursday. On Fri-
day he was taken to the hospital from
his summer home at Lake Minnetonka,
the operation having been postponed
one day because he wished to attend
the funeral of Governor McGill.

Bride and Groom Murdered.

Newburg, Ore., Nov. 8.—Carl Hur-
ford and his wife, a bride of six weeks,
were found dead in their home here
by neighbors attracted to the house
by the firing of shots. More or less
mystery surrounds the death of the
couple.

CONTROL OVER INSURANCE.

**President Will Recommend Federal
Supervision of Life Companies.**

Washington, Nov. 8.—President
Roosevelt will in his message to con-
gress recommend federal supervision
of the insurance companies. He will
make strong recommendations as the
result of the disclosures made in the
insurance investigation in New York.

The president will endeavor to se-
cure some legislation on this subject,
but he will meet with strong opposi-
tion, as many leading lawyers declare
it will be difficult to frame a measure
that will stand the constitutional test.
It is declared that the only way in
which the government can supervise
the insurance business is to declare it
interstate commerce.

REFUSED NEW TRIAL.

**Mrs. Cassie L. Chadwick May Have to
Serve Ten Years.**

Cincinnati, Nov. 8.—Mrs. Cassie L.
Chadwick has lost her last hope for a
new trial unless the supreme court
of the United States shall consent to
allow a rehearing. The United States
circuit court of appeals has refused her
application for a new trial.

Mrs. Chadwick is now in the jail at
Cleveland under sentence to the Ohio
penitentiary for ten years, having
been indicted and convicted of con-
spiring to defraud under the national
banking law, the specific case involv-
ing the wrecking of the Citizens' Na-
tional bank at Oberlin, O., whose pres-
ident has died since the exposure of
the matter.

RICE FAMINE IN JAPAN.

**One Million People in Practically
Starving Condition.**

London, Nov. 8.—The Tokio cor-
respondent of the Daily Telegraph says
that a rice famine exists in the three
prefectures of Fukushima, Mayaga
and Iwate and that the agricultural
populations, numbering a million, prac-
tically are starving. The weather is
intensely cold and the silk cocoon in-
dustry has been entirely spoiled. The
government, the correspondent adds,
is taking measures for the relief of the
sufferers.

NEW ACTION STARTED

The Firm of Stitt & Howe Bring Suit Against the Rat Portage Lumber Company in St. Louis County

Robert M. Stitt and Nellie Armstrong, copartners, with the firm name of Stitt & Howe, have instituted and action in the district court of St. Louis county against the Rat Portage Lumber company and P. A. Smith, to recover judgment for \$11,677.30 on an alleged log contract involving timber in Itasca county and log driving on Bear and Deer rivers in that county.

In the complaint filed by H. B. Fryberger, their attorney, Stitt & Howe allege that Feb. 1, 1902, there was an action pending between the same parties in district court of Itasca county, brought by Stitt & Howe, to have certain deeds covering large timber tracts in Itasca county declared mortgages, and for a decree allowing the plaintiffs to redeem the timber from the lien of the mortgages. It is claimed that at the time of the action there was a contract involved for the cutting and delivering of logs; that the parties to the action were attempting to compromise their differences and settle the case without further litigation, Stitt & Howe proceeding in the attempt to get the logs out under the proposed compromise agreement.

Brainerd Has To Bow To The Inevitable—Scores Of Citizens Prove it

After the reader has read the public statement of this representative citizen of Brainerd given below, he must fairly, squarely and honestly come to this conclusion: "A remedy which cured years ago, which had kept the party in good health since, can be relied upon to perform the same work under similar circumstances. Read this:

Chris Hanson, of 1412 E. Oak St., Brainerd, Minn., says: "The lapse of time has not diminished my confidence in Doan's Kidney Pills which I recommended in a testimonial given in 1898. As I stated at that time, we found this remedy to be a sure cure for children afflicted with weakness of the kidneys. Our boy has been troubled in this way at night, but Doan's Kidney Pills which we got at H. P. Dunn & Co.'s drug store, gave him prompt and effective relief. Since then I have used Doan's Kidney Pills myself for backache and they banished my trouble in short time."

ROOSEVELT PEACE TOWER.

A Suggestion. Patented, to Kansas by an American in London.

A "Roosevelt Tower of Peace," 1,200 feet high, at the geographical center of the United States is proposed by James Weir Graydon of London, England, says a Topeka (Kan.) dispatch. Besides the tower he suggests a permanent international exposition at the point.

Mr. Graydon has written Governor Hoch of Kansas fully as to his plans because the geographical center of the country is at Fort Riley, marked by a government monument. To start a fund Graydon has employed a lithographing company to make lithographs of the monument, to be placed on sale in every community in the United States. He has patented his tower.

Graydon is an American graduate of the United States Naval academy, who served as a volunteer under Grant and Sherman.

The first specimen of the fulvous tree duck ever killed north of British, French and Dutch Guiana was shot a few days ago by Phil Locke of Aberdeen, Wash., near Grays Harbor, says the Seattle Post-Intelligencer. The bird has been stuffed and is now in the possession of the hunter who killed it and is prized as a rare trophy by him. The creature is much like the American wood duck, recognized as one of the most beautiful of birds. In color it is light brown on the breast and a beautiful mottled brown on the back. In shape it is much the same as the American wood duck, but is considerably more leggy. The bird is believed to have been driven north from South America by some storm which it encountered while out at sea. The bird was probably carried out of its bearings by the gale and finally landed near Grays Harbor, where it was killed by Locke.

WILL TAKE TO THE TALL TIMBER

Friday, Nov. 10th, and for Twenty Days Thereafter, it will be Lawful to Hunt and KILL BIG GAME IN MINNESOTA Two Deer and One Moose Allowed, and Lucky is the Hunter Who Gets the Limit

On Friday, according to the statutes of Minnesota it will be lawful to pack your hunting traps, shoulder your rifle and take to the woods in quest of big game, such as this section of the country is celebrated for. On that day the north woods will be invaded by an army of men who will spend the succeeding fifteen or twenty days in log shacks, dug outs and lumber camps, and who from daylight till dark will scour the country adjacent to their picked territory for the opportunity of shooting a deer or moose, and they will have the time of their lives. There are scores of men even in Brainerd who figure on their fall hunt as much as they do laying in their winter's supply of fuel, and business men at that who enjoy the outing in the pine woods with all its hardships better than they would a trip to the metropolis. Cooped up in an office attending to the daily routine of the business grind, the man who has ever spent the hunting season in one of these shacks with a congenial party and who really enjoys the sport, begins to get restless when the season approaches and makes his plans to get away and forget business cares for a few days. There are three periods of pleasure connected with the trip—the anticipation, the realization and relating the experiences after it is all over and you are nicely back at your desk again. To some of those who never enjoyed one of these trips a description of "what there is in it" may be of interest at this season. Ordinarily the hunting party consists of from four to six congenial souls who house themselves in a log shanty they have built for the purpose or appropriated from the works of some deserted lumber operations. These camps are arranged with bunks which are filled with balsam boughs and which make good substitutes for feather beds for tired hunters, and while these are being arranged the camp stove is set up, the contents of the grub box placed conveniently for the cook, whether he be hired for that purpose or the fellow who is pressed into service because of his ability to fry salt pork, make the pot boil and deliver steaming hot at the breakfast table huge stacks of pancakes. With the arrangement of the cabin everything is in readiness for the real sport and long before the first streaks of light appear in the east the following morning the call "roll out there, you fellows" by the cook arouses the drowsy ones and the nimrods who ordinarily get up to an 8 o'clock breakfast of toast and coffee at home are soon sliding along on the bench to their allotted place at the table and are stowing away a breakfast consisting of beans, pork, potatoes, pancakes and coffee, and they do it with a gusto that would put a lumberjack to blush, and keep it up twice a day, for under ordinary circumstances the hunting camp is not seen between daylight and dark. Then to the woods for the long tramp that many times is fruitless but which brings the bloom of health to the cheek, gives a man an appetite that he would not trade for an increase in salary and brings sweet sleep to his pillow at night. On the return at night when the last man has reported the evening meal is partaken of amid a spirited conversation of the day's doings. Possibly the first day's hunt is devoid of results, but some one of the party has certainly seen a "flag" and

while the cook is cleaning away the remnants of the meal the "hard luck" stories are related, the hunt for the following day planned and by 9 o'clock the "glim is doused" and quiet pervades the camp broken only by the resonant snore of some tired fellow who rolled off the deacon seat into his balsam bed as soon as supper was finished. Thus the days are spent with varying success until the time by limitation has expired, when the round up is made and the game hauled into camp and from there to the railroad station or toted to its destination, and the campers turn their faces homeward always regretting that they could not stay "just one day more." It is certainly a great treat to any one who enjoys it and the benefit to a man who can get away from business cares and enter into the life of a hunting camp, forgetting almost everything else except that he is breathing good fresh air and is monarch of all he surveys for the time being, is greater than all the medicine that can be doled out to him in a year.

The people of Minnesota do not seem to realize that today more big game exists within its borders than in any other district of like area in the United States. Hunters come here from all points of the compass spending their time and large sums of money to enjoy the recreation and sport that many men who live in the game region of Minnesota do not know of. The protection afforded the game of this state by the stringent laws that have been passed and their enforcement by the game commission is in a great measure to be given the credit for the excellent opportunity of enjoying this sport and they should be aided in their good work by every true sportsman and every loyal citizen whether he be a lover of fishing or hunting or not, for in its game and fish this state has a most valuable asset which brings thousands of dollars to its coffers annually and is a standing advertisement to induce settlement in the northern part of the state, the details of which are known from Maine to Mexico.

Among those who have taken out licenses in this county to hunt big game are the following:

EDWARD BAXTER PERRY

Concert Pianist and Lectures will be at the First Congregational Church on Monday evening Nov. 13

Edward Baxter Perry, the concert pianist and lecturer, who delighted and thrilled a Brainerd audience about two years ago will appear again at the First Congregational church in this city on Monday evening, November 13. He is without doubt one of the greatest pianists of the present decade. The Cincinnati Post says of this man: "His lecture showed philosophic weight of thought, literary elegance of style, and impressive beauty of vocal delivery. As pianist he has force and speed, soulful melody, brilliancy and delicacy, and all the details of poetic meaning were allowed to shine out."

You never heard of any one using Foley's Honey and Tar and not being satisfied. H. P. Dunn & Co. mfwlm

NEGROES BLEACHED IN JAIL

All Rush Now For Macon "Beauty Parlor's" London Fog Effect.

Negroes in the vicinity of Macon, Mo., are almost breaking their necks to get into the county jail, since it became known recently that two negroes who were confined in the jail six months were almost white when they were taken out, says a Macon (Mo.) dispatch. It is explained that the damp condition of the jail, which has been condemned, caused the bleaching.

When the news got around, the negroes began pleading guilty to crap shooting, even before they were questioned about it. The sheriff let fifteen come in and then said:

"I'm on to you, and if you want to get bleached you'll have to use sandpaper and a file. I ain't going to feed any more of you in this beauty parlor."

The real Alabama negro is not changed much. It's the mulatto who experiences the most beneficial results. The county physician compares it to the beautifying effects of London fogs.

MUSIC AND DRAMA.

"THE HOLY CITY."

The seat sale for "The Holy City" which appears at the Brainerd opera house tomorrow night opened this morning at H. P. Dunn & Co.'s and there was quite a demand for seats.

There is about a drama advertised as being "Biblical" that which may cause many to ask whether a sacred story is so interesting as one of current days. The birth of Christianity, the crucifixion of the Saviour and the beheading of John the Baptist, formed an epoch in which occurred the tragedy of the world; from this history Clarence Bennett compiled "The Holy City." No story of modern strife has half the power, no narrative of recent years presents the thrill of that which has lasted throughout all ages. "The Holy City" holds the attention of all classes and so well does the management know this that to the less informed the following offer is made: To any purchaser of a ticket to a performance who at the end of the first act is not satisfied with the investment, his or her money will be returned. Prices \$1, 75, 50 and 25c.

AMERICAN SLAVES

H. P. Dunn & Co.'s Emancipation Act that will Free Thousands.

H. P. Dunn & Co., Brainerd, leading druggists, are ready to restore freedom to many who have been in absolute slavery.

No one appreciates better than the victim of indigestion that he is an abject slave to his stomach, and Messrs. H. P. Dunn & Co. in guaranteeing that Mi-o-na will strengthen the stomach so that you can eat what you want and when you want it, removes all fear of further bondage.

The stomach is to the body what the foundation is to the house, and when it is weakened or diseased, one organ after another is affected until

the heart, lungs, kidneys, and liver will all be involved. Indigestion causes nervousness, sleeplessness, head ache, back-aches, distress after eating, furred tongue, and general weakness and debility.

Mi-o-na is not a mere temporary relief for indigestion, but a positive remedy for all stomach troubles, promoting good digestion, stimulating the secretions, and restoring health.

Ask H. P. Dunn & Co. to show you the guarantee they give each 50 cent box of this remedy. Mi-o-na costs nothing unless it cures.

When buying loose coffee or anything your grocer happens to have in his bin, how do you know what you are getting? Some queer stories about coffee that is sold in bulk, could be told, if the people who handle it (grocers), cared to speak out.

Could any amount of mere talk have persuaded millions of housekeepers to use

Lion Coffee,

the leader of all package coffees for over a quarter of a century, if they had not found it superior to all other brands in Purity, Strength, Flavor and Uniformity?

This popular success of LION COFFEE can be due only to inherent merit. There is no stronger proof of merit than continued and increasing popularity.

If the verdict of MILLIONS OF HOUSEKEEPERS does not convince you of the merits of LION COFFEE, it costs you but a trifle to buy a package. It is the easiest way to convince yourself, and to make you a PERMANENT PURCHASER.

ENTIRELY WIPED OUT

TWO COMPANIES OF COSSACKS
AMBUSHED BY RIOTERS AND
ANNIHILATED.

BAD NEWS FROM CAUCASUS

ARMENIANS, TARTARS AND RUSSIAN ENAGGED IN WAR OF EXTERMINATION.

St. Petersburg, Nov. 8.—The news from the Caucasus is particularly bad. Fighting between Armenians, Tartars and Russians in the Daghestan, Eutari, Kutek and Harban districts assumed a ferocious character and every attempt of the troops to restore order resulted in the population turning upon the soldiers and fighting them with arms and bombs. Two companies of Cossacks are reported to have been entirely wiped out. The entire trouble is of a revolutionary character, but it gives the people an opportunity to manifest their race hatreds and the most horrible atrocities have been committed.

According to a merchant who has just arrived from Baku the scenes witnessed there were beyond belief and not only murder, but torture in all forms has been perpetrated. An Armenian girl's fingers were cut off one by one and afterwards her arms and legs were amputated by Tartars and she was allowed to expire in untold agony.

CRISIS NEARS AN END.

Official Communication Published at St. Petersburg.

St. Petersburg, Nov. 8.—The following official communication is published:

"As the diverse regions of Russia are becoming pacified it is evident that the acute crisis, precipitated by the shock of the new system in collision with expiring tendencies, approaches an end. The tragic and deplorable events of the past week in many parts of the empire may be regarded as the spontaneous reaction of the conservative elements of the population against the manifestations, perhaps exaggerated, of the radical elements. On the other hand, it is impossible to deny that in certain cases this reaction was favored by the agents of local administrations. The government is far from ignoring or dissembling this fact, even if by so doing it could support the ancient regime, while at the same time it expresses a firm resolution henceforth to march in the way of progress. Among the agents of the administration there exists enemies of the new system who are trying to oppose by every possible means the realization of reforms."

ATROCITIES IN BESSARABIA.

Many Jews Perish in Flames of Burning Towns.

London, Nov. 8.—The Bucharest correspondent of the Daily Mail says that atrocities continue in Bessarabia. The towns of Urmbat and Calarisse have been burned and all the Jews perished in the flames. Ismaili, the correspondent also says, is in flames and martial law has been declared. Sixty-six revolutionaries, after being warned, were shot.

COSSACKS IN AN AMBUSH.

Two Companies Entirely Wiped Out by Revolutionaries.

Kutais, Caucasus, Nov. 8.—Cossacks who were escorting A. Lazarenko, a county official, and M. Pekarski, a justice of the peace, were ambushed in the Ozurgeti district by revolutionaries, who were fighting the troops sent to the district to restore order. Two entire companies, consisting of 107 and 120 men, respectively were wiped out.

RIOTERS FIGHT COSSACKS.

Civilians Use Bombs on Cavalry With Deadly Effect.

Batoum, Caucasus, Nov. 8.—News received here is to the effect that there were seventeen hours of fighting at Nasakoirali during the day between armed rioters and 120 Cossacks, under the district governor, and that 105 of the Cossacks were killed, chiefly by bombs.

Disturbance at Lodz.

Lodz, Russian Poland, Nov. 8.—There were some disturbances here during the day. Four persons were killed and twenty wounded.

Ground to Pieces by Train.

Great Neck, L. I., Nov. 8.—Louis Fitzgerald, son of General Louis Fitzgerald, was killed during the evening by a train at the station here. Mr. Fitzgerald, in crossing the track, did not notice an eastbound train which was coming up to the station. He stepped in front of the locomotive of this train and was ground to pieces before it could be stopped.

Life Sentence for Murder.

Hallock, Minn., Nov. 8.—The jury in the Reeves murder trial returned a verdict of guilty of murder in the second degree. The defendant was sentenced to life imprisonment. Reeves was convicted of killing Swanson, a neighbor, who called at the former's place to protest against the invasion of his land by cattle.

The only high grade Baking Powder sold at a moderate price. Complies with the pure food laws of all states.

Trust Baking Powders sell for 45 or 50 cents per pound and may be identified by this exorbitant price. They are a menace to public health, as food prepared from them contains large quantities of Rochelle salts, a dangerous cathartic drug.

PROBABLY CASE OF MURDER.

Young Man Found Dead Near Sweet-heart's Home.

St. Louis, Nov. 8.—The dead body of Lucien Eckhardt, twenty-one years of age, was found in an alley early in the day near the home of his fiancée, Miss Kate Burns. He had been shot. Near him lay his own revolver and the cylinder contained four empty shells. Eckhardt and Miss Burns were to have been married Nov. 23 and he departed from her home the previous night in the best of spirits. Soon after four pistol shots were heard. Later his dead body was found. The police are endeavoring to discover whether Eckhardt committed suicide or was assassinated.

Prince Louis at Baltimore.

Baltimore, Nov. 8.—Rear Admiral Prince Louis of Battenberg was welcomed to Baltimore with an ovation during the evening, the like of which he has not seen since his squadron dropped anchor outside Annapolis harbor last Wednesday morning. At the close of an election Baltimore paused and Republicans and Democrats stood shoulder to shoulder and cheered Baltimore's distinguished visitor.

Murderer Makes His Escape.

Indianapolis, Nov. 8.—Within sight of thirty men standing in front of a polling place in the Fourteenth ward John Smith was shot and killed by Herman Huff in front of the latter's home in Arbor avenue. The trouble grew out of personal differences and it is said had nothing to do with politics. Huff escaped.

TELEGRAPHIC BREVITIES.

William T. Pike of Pennsylvania has been appointed American consul at Claucho and William R. Estes of Minnesota to be consul at Zittau, Germany.

The future king and queen of Norway, Prince and Princess Carl of Denmark, will, it is expected, arrive in Christiania Nov. 25 or 26, the king taking the oath before the storting immediately after his arrival.

Sir George Williams, founder of the Young Men's Christian association and president of the London headquarters for twenty years, is dead. Sir George was eighty-four years old and his illness was incidental to old age.

One of the finest trains in operation in the United States has been put into service by the Chicago and Northwestern railroad between Chicago, St. Paul and Minneapolis. The new train will be known as the Northwestern limited.

Lady Florence Dixie, the well known writer, explorer and champion of woman's rights, who acted as war correspondent for a London paper during the Boer war, is dead at her home at Glen Stuart, Annan, Dumfriesshire, Scotland.
